EDUCATION

- **Ph.D.** (Physics) December 1994
The Johns Hopkins University, Baltimore
Dissertation: Theoretical Analysis of Josephson Junction Systems and Superconducting Superlattices
Thesis Advisor: Prof. Kishin Moorjani
- **M.A.** (Physics) 1989
The Johns Hopkins University, Baltimore
- **B.S.** Highest Honors (Computer Engineering) 1987
B.S. Highest Honors (Physics) 1987
Boğaziçi University, Istanbul, Turkey

PROFESSIONAL EXPERIENCE

Academic:

Truman State University

- **Professor** (2011–present)
Associate Professor (2005–2011)
Assistant Professor (2000–2005)
Taught: Quantum Mechanics, Thermodynamics & Statistical Physics, Mathematical Methods, College Physics, Concepts in Physics, Engineering Thermodynamics, Statics, Physics Seminar, Junior Seminar.

Developed and taught: “Weird Science” Junior Interdisciplinary Seminar, Computer Programming for Physics.

Lawrence Livermore National Laboratory, Atmospheric Science Division

- **Participating Guest** (2000–2008)
Model development work on IMPACT, LLNL’s global 3D atmospheric model.
- **Summer Faculty** (1998 and 1999)
Modeling aerosol and cloud effects on radiation transfer.

Southern University, Department of Physics

- **Research Associate** (1998–2000)
Improved an atmospheric model developed at Lawrence Livermore National Laboratory.
- **Instructor** (1998–2000)
Classical Mechanics, Introductory Modern Physics, Earth Science.
- **Research Associate** (1996–1998)
MD simulations of high-temperature superconducting cuprate structure.

Iowa State University, Department of Physics and Astronomy

- **Temporary Instructor** (1994–1995)
Introductory physics lab, Advanced Electromagnetism.

The Johns Hopkins University, Applied Physics Laboratory

- **APL Fellow in Science and Engineering** (1991–1994)
Theoretical and computational research on the statistical mechanics and magnetic behavior of Josephson-coupled granular superconducting systems.

The Johns Hopkins University, Department of Physics and Astronomy

- **Research Assistant** (1990–1991)
YBCO/PrBCO superlattices; Hubbard model.
- **Teaching Assistant** (1987–1990)
General Physics recitations and labs.

Los Alamos National Laboratory, Theoretical Division

- **“Collaborator”** (Summer 1989)
Theoretical research on anyon superconductivity.

CERN, Geneva

- **Summer Student** (1986)
Programming support in the design of the Large Electron-Positron Collider.

Service & Administration:

Associate Editor (Physics and Astronomy), *Reports of the National Center for Science Education*

Truman State University

- **Physics Department**
Webmaster, colloquium series organizer, High School Academic Festival (2003–2007), Faculty Senate representative (2017–present), . . .
- **School of Science and Mathematics**
Science and Mathematics Distinguished Speaker series committee chair (2012–present), STEP application reviewer (2006–2009), Promotion and Tenure committee (2006).
- **University**
Global Issues Colloquium committee (2006–present), Organizing committee for the Truman Faculty Research Conference (2009–2015; Chair 2010–2015), Missouri Department of Higher Education Curriculum Alignment Initiative (2007–2011), screening committee for Director of Interdisciplinary Studies (2007), Diversity Institute Fellow (2003–2004).
- **Student organizations advised**
Society of Physics Students (2001–present), Sigma Pi Sigma honor society (2001–present), Freethinkers Society (2002–2007; 2009–2015), Truman Club Soccer (2007–2015), Truman Club Basketball (2010–2015).

Southern University

- **Conference Secretary** (1998–1999)
For the *Second International Conference on New Theories, Discoveries, and Applications of Superconductors and Related Materials*, Las Vegas, Nevada, June 1–4, 1999.
- **Conference Secretary** (1997–1998)
For the *First International Conference on New Theories, Discoveries, and Applications of Superconductors and Related Materials*, Baton Rouge, LA, February 19–24, 1998.

International Institute of Theoretical and Applied Physics (at Iowa State University)

- **Research and Educational Resources Project Coordinator** (1994–1996)
Resource assistance for physicists based in Central American countries.

The Johns Hopkins University

- Co-organizer, 1991 Johns Hopkins University Graduate Representative Organization Symposium; “Science in the 1990’s.”

Student Research Projects:

- **The arrow of time** (2016–present)
Nicholas Kronlage (2016–2017). Madison Miller and Brent Koogler (2017–present).
- **Wigner functions as currents** (2011–2015)
Robert Ashcraft and Dispeh Niraula (2012–2013) for their research requirement, leading to Undergraduate Research Conference presentations. Destry Newton (2012–2015), Nathan Engle (2014–2015), and Katherine Maxwell (2014–2015).
- **Random walks in phase space** (2008–2011)
Adam Vogt (2008-09), Joey Palmer (2009-10), Om Goit (2010-11), leading to Undergraduate Research Conference presentations. Also Kevin Satzinger, Vijay Koju, Miguel Fernandez Flores, and Robert Ashcraft (2010-11, 2011-12) on related independent research.

- **Discrete spacetime computational physics project** (2002–2007)
M. Hannon, M. Wright, J. Johnson, M. Molitoris, O. Ikechukwu, A. Bezinovich, A. Smolik, J. Park. Undergraduate Research Conference presentations, 2003–2007.
- **Atmospheric Physics** (2001–2002)
Jessica Rolwes. Joined me at Lawrence Livermore National Laboratory, summer 2001.

PUBLICATIONS

Books:

- Sonja Brentjes, Taner Edis, and Lutz Richter-Bernburg, eds., *1001 Distortions: How (Not) to Narrate History of Science, Medicine, and Technology in Non-Western Cultures* (Würzburg: Ergon-Verlag, 2016).

CONFERENCE PRESENTATIONS

- “The Universe is a Game of Dice,” Third Congress of Critical Thinking and Scientific Divulcation: Science and Ideology, University of València, Spain, March 6, 2018.
- “Technological Progress and Pious Modernity: Secular Liberals Fall Behind the Times,” Institute for Humanist Studies 2014 Symposium, Houston, November 15, 2014.
- “Two Cheers for Scientism,” Scientism Workshop, Graduate Center of the City University of New York, May 16, 2014.

- “Flights of Fancy: The ‘1001 Inventions’ Exhibition and Popular Misrepresentations of Medieval Muslim Science and Technology,” 24th International Congress of History, Science, Technology and Medicine, Manchester, UK, July 27, 2013.
- “Is There a *Political* Argument for Teaching Evolution?”, keynote address at the “Religions, Science and Technology in Cultural Contexts: Dynamics of Change” conference in Trondheim, Norway, March 2, 2012.
- “The Limits of Physics? Looking for Oracles,” Truman State University Faculty Research Conference, October 1, 2011.
- Respondent, book review session on *Science and Nonbelief*, annual meeting of the Southeastern Commission for the Study of Religion, Louisville, March 5, 2011.
- “A Brief History of Islamic Creationism in Turkey,” annual meeting of the American Association for the Advancement of Science, Washington DC, February 18, 2011.
- T. Edis and A.S. Bix, “Pseudoscience in the Periphery,” Science and Technology in the European Periphery conference at Galway, Ireland, June 19, 2010.
- “Between Nasr and Ateş: What Understanding of Evolution do Science Educators Want?”, *Darwin and Evolution in the Muslim World* conference at Hampshire College, October 3, 2009.
- “Islamic Creationism, Liberal Education, and the Privileged Position of Science,” Truman State University Faculty Research Conference, September 12, 2009.
- “Rejecting Materialism: Muslim Responses to Conceptual Frameworks of Modern Science,” invited presentation at the McGill Symposium on Islam and Evolution, McGill University, Montréal, Canada, March 31, 2009.
- “Religion: Accident or Design?”, invited talk at The International Conference on the Evolution of Religion, Hawaii, January 7, 2007.

- T. Edis and A.S. Bix, “Islamic Creationism in Turkey: Historical and Intellectual Perspectives,” annual meeting of the History of Science Society in Vancouver, Canada, November 4, 2006.
- “Chance and Necessity...and ‘Intelligent Design’?”, invited talk at the Association of Southeastern Biologists Annual Meeting, April 15, 2005.
- T. Edis and A.S. Bix, “‘Fitra’ (Created Nature): Premodern Concepts of Gender Biology in Current Popular Islam,” International Society for the History Philosophy and Social Studies of Biology conference in Vienna, Austria, July 20, 2003.
- “Intelligent Design: Bad Science, Bad Philosophy, or Both?,” invited talk at the Council for Secular Humanism conference on ‘Secularism, Society, and Justice,’ April 12, 2003.
- T. Edis and A.S. Bix, “The Incomplete Female and the Passive Egg: Premodern Concepts of Gendered Bodies in Current Popular Islam,” the 75th annual meeting of the American Association for the History of Medicine, April 25–28, 2002.
- “A World Designed by God: Science and Creationism in Contemporary Islam,” invited talk at the Center for Inquiry International Conference on ‘Science and Religion,’ November 11, 2001.

PUBLIC PRESENTATIONS

- “Cranks, Conspiracists, and Creationists: Weirdness in Conservative Muslim Environments,” CSICON 2017, Las Vegas, October 28, 2017.
- “Can Secular Liberalism Accommodate Islam?” Global Issues Colloquium, Truman State University, January 26, 2017. Reasonfest, University of Kansas, April 15, 2017.
- Panelist on “Islam’s contribution to the modern sciences,” Michigan State University, September 12, 2016.
- “Kim korkar bilimcilikten?” BETİM, Istanbul University, Turkey, May 14, 2016.

-
- “Einstein Variations: Pop culture and reality in physics, philosophy and religion,” Ghent University, Belgium, May 10, 2016. Physics Colloquium, Truman State University, October 26, 2016.
 - “Creation v. Evolution: The Muslim Debate,” Trinity University, San Antonio, February 9, 2012. Vrijzinnig Centrum Geuzenhuis, Ghent, Belgium, March 3, 2016.
 - “What would it take for a woo-woo idea to succeed?” and panelist on “How Should Philosophy of Science Inform Rational Skepticism,” The Amaz!ng Meeting 13, Las Vegas, NV, July 17 and 19, 2015.
 - “The Limits of Physics? On the Prospects of Finding a Meaningful Oracle,” Department of Physics, Marmara University, Istanbul, Turkey, June 1, 2015.
 - “Religion and Politics in the Science Classroom,” Reasonfest, University of Kansas, April 20, 2013.
 - “The Science and Religion Debate in Modern Islam,” Center for Middle Eastern Studies in Lund University, Sweden, March 8, 2012.
 - “Can Science and Islam Coexist?,” Reasonfest, University of Kansas, February 12, 2012.
 - “Random Adventures in Physics and Weirdness,” Physics Department Colloquium at The University of Iowa, October 19, 2009. Truman Physics Colloquium, March 3, 2010. SciMath Colloquium, University of Nebraska–Kearney, March 31, 2011.
 - “Natural vs. Supernatural: How can we draw the line?,” Department of Philosophy and Moral Sciences, University of Ghent, Belgium, March 16, 2011.

- “An Accidental World,” at the Jefferson Center Summer Institute, Ashland, OR, August 5, 2006.
- “Intelligent Design: Creationism Evolves Again,” presentations from 2002-2004, including at Iowa State University, Nova Southeastern University, and the Bay Area Skeptics. Also presented as the main event at Sacramento’s 7th annual Darwin Day celebration, 2004.
- “Exorcizing *All* The Ghosts,” The Amazing Meeting 1, Fort Lauderdale, FL, February 2, 2003.
- “Chance and Necessity...and ‘Intelligent Design’?”, Truman biology seminar, November 22, 2002.
- “The Ghost in the Universe,” presentations in Kansas City, Los Angeles, Pasadena, Sacramento, Cleveland, Chicago, and the San Francisco Bay Area, in 2002 and 2003.
- “Believing in Magic: Public Science Literacy in the New Age,” The Eupraxophy Group (Kansas City), April 28, 2002.

- “Diversity within Science and its Community,” Truman Diversity Day, March 26, 2002.
- “Why do a JINS Course?,” Truman Faculty Development lunch, March 20, 2002.
- “Creationism to Universal Darwinism,” Truman Darwin Day, February 12, 2002.
- “Where Science and Religion Disagree,” Truman Philosophy/Religion Club, October 15, 2001.

HONORS, GRANTS AND AWARDS

- Sabbatical at the Department of Philosophy and Moral Sciences, Ghent University, Belgium, 2015-2016 academic year.
- Nominated for Walker and Doris Allen Fellowship for Faculty Excellence, 2009.
- Truman State University College of Arts and Sciences summer research grant, 2008.
- Nominated for Truman “Educator of the Year,” 2007 and 2008.
- Truman State University Faculty Research/Scholarship Grant, 2001.
- Truman State University “Funding For Results” grant to develop a Junior Interdisciplinary Seminar Course, Summer 2001.

OTHER

- Scientific and Technical Consultant to the Committee for Skeptical Inquiry (CSI, formerly known as CSICOP).
- Senior Fellow, Institute for Humanist Studies, Washington, DC.
- Honorary Fellow of The Jefferson Center, Ashland, OR.
